B&E International
Health and Safety Policy

B&E International (Pty) Ltd is an Industry Leader and Partner of Choice to the Mining and Construction industries, offering premium products and integrated crushing, mining and mineral processing solutions, made possible by a culture of excellence and committed to ensure we as a company implement and sustain a health and safety management system to ensure a workplace which is safe and no risk to the health of our employees and visitors.

It is the policy of B&E International (PTY) Ltd

- To provide and maintain health and safety in the work places, to ensure we implement safe systems and to ensure that work is done by means of safe methods.
- To protect all employees, clients, service providers or any person entering our premises or work areas.
- We will strive to eliminate foreseeable hazards, that may result in injuries, fires, damage to property or losses due to theft, through the identification of hazards and the assessment of it as well as the control of it.
- Will ensure that all our operating sites, have a sustainable health and safety management system and it is maintained.
- Communicate openly to all employees regarding health and safety issues.
- All service providers and sub-contractors to be seen and treated as employees when conducting work on any of our sites or premises.
- Ensure continual improvement and auditing of health and safety systems.
- We shall comply with all legislations, relevant laws, regulations and standards and strive to achieve best safety practices in our workplace.
- Appoint competent employees to ensure the correct implementation of health and safety in workplace and the compliance thereof.
- Provide the appointed employees with a framework for reviewing, monitoring and achieving HSE objectives and targets.
- Ensure the policy is available to all employees, sub-contractors or any interested and affected parties.
- This policy will be reviewed annually.
